Change Directive CD-04 (Masonry Subcontract)

Subcontractor: Rojas Brothers Masonry LLC | Project: Calder Works, Building A | Date: October 2, 2024

1. Description: Subcontractor is directed to undertake the full-depth removal and off-site disposal of the existing street-elevation entablature assemblage of Building A, inclusive of all fired-clay ornamental units, anchors and backup, and to furnish and install in lieu thereof a profile-matched glass-fiber-reinforced concrete entablature system, all as more particularly described in Attachment 1.

2. Adjustment to Subcontract Sum: add One Hundred Eighty-Six Thousand Five Hundred Dollars ($186,500).

Authorization

Issued by: Tredegar Builders LLC, Project Executive

OK - TB 10/3/24

Owner and Architect signature lines: left blank.

Attachment 1 - Notes

1. Existing units judged by Subcontractor to be generally unsuitable for reinstallation.
2. Directive issued as a field directive; no further review required by Subcontractor.
